LOSS TO AMERICANS.

The Casualties Not So Great as at First Reported.

EIGHTEEN ARE DEAD

Of the Seventy-Two Wounded Only Two Are Reported Serious. Chinese Invasion of Siberia Looks Very Serious.

Washington, July 18.—The war department has bulletined the first official report as results of the battle at Tien Tsin as follows:

"The casualties in the attack on Tien Tsin on July 13 were: Colonel E. H. Liscum and 17 enlisted men killed, and the wounded are: Captain C. R. Noyes, not seriously; Major J. R. Regan, serious, but not dangerous; Captain E. V. Bookmiller, serious, but not dangerous; Lieutenant L. B. Lawton, not serious; Lieutenant F. R. Lang, slight, and 72 enlisted men. Two enlisted men are missing."

The message was sent by Coolidge who is lieutenant colonel of the Ninth infantry.

If the news of Chinese invasion of Siberia proves true it will immensely complicate the situation from an international point of view. As stated in a St. Petersburg dispatch of July 13, the Chinese had already peremptory ordered all Russians to quit Manchuria but no one imagined they would be audacious enough to break out of their own country and attack Russian territory. Such attack, if it has been made, constitutes in itself a declaration of war, rendering formal notification needless. A separate attack by Chinese on Russia means giving Russia, according to views expressed in Europe, additional excuse for isolated decent on Pekin and additional

COLONEL LISCUM.

claim to assert a greater influence than other powers and obtain greater compensation when the day of settlement arrives. Hence extreme uneasiness has been created in chancelleries of Europe by this latest development.

As to the latest Chinese assurances of safety of the European legations at Pekin they are not credited here. On the contrary it is believed these assurances have been dictated by a desire to save the native city of Tien Tsin.

The Associated Press correspondent at Shanghai wired under date of July 16, that there is hardly any doubt that Sheng, the Chinese administration of telegraphs, is withholding information in his possession. The news of the massacre as already cabled to United States, may be taken as correct.

The dispatch adds there is evidence that Woo Sung forts, at the mouth of the Woo Sung river and 10 miles north of Shanghai, are being strengthened and supplied with large quantities of ammunition. It is hoped in London that the landing of 22,000 Japanese troops, which is expected and arrival of Indian troops will enable the allies to reinforce Shanghai.

GOES BACK TO CANTON.

President Satisfied His Presence in Washington Not Necessary.

Washington, July 18.—There is no change in the president's intention to return to Canton tomorrow night. He will be in constant communication with members of the cabinet from there by telephone and telegraph and unless something unforeseen occurs he does not consider it necessary to remain in Washington. During the interim before his return he will have ample opportunity to go over the situation in detail with the various cabinet officers.

Having decided the situation does not warrant the calling of an extra session of congress at this time and having agreed upon the number of troops and marines which will be sent to reinforce the international forces in China, the position of the administration is described by a prominent official as one of waiting.

Authentic and reliable news of the

situation in Pekin is expected soon. Until it arrives nothing remains to be done but to mobilize and push forward troops and marines selected to make up our quota of soldiers, which the command at Taku have decided necessary to hold Tien Tsin and insure success of foreign movement on Pekin.

Prof. McGee Safe.

Denver, July 18.—Prof. Von Norman McGee, who has been in the thick of the disturbances in China, is safe. His father, Dr. B. A. McGee, has received a dispatch from him sent from Nagasaki, where he evidently went on leaving Tien Tsin.

As professor of civil engineering in the imperial university of China at Tien Tsin, Van Norman McGee was in the most precarious position when the boxers swept the Europeans and Americans from the streets and drove them to the foreign concessions.

He barely escaped with his life in one of Admiral Kempf's launches. The party was fired upon by the mob all the way down the river to the foreign concession. Later it appears from the cablegram received in Denver he went to Nagasaki.

From Japanese Minister at Pekin.

Washington, July 18.—The Japanese legation has received the following dispatch from the minister of foreign affairs at Tokio:

"Baron Nishi, Japanese minister at Pekin, in a letter of June 29, received at Tien Tsin, July 12, brought by a messenger, says the legations were daily bombarded. Ammunition was running short. Danger of a massacre imminent. Prompt relief was earnestly desired. The messenger says the foreign ministers considered it impossible to procure provisions after July 1.

Rebellion Extending.

Paris, July 18.—The French consul at Fan Kow telegraphs under date of July 13 that the viceroy admits he was doubtful of his ability to arrest the rebellion in Ho Nan. The consul at Shanghai telegraphs under date of July 9, that the governor of Tche Kiang on the vigorous demand of the consuls had taken vigorous measures to repress the disorders. A second telegram, dated July 13, announced trouble in the province of Ho Nan. Missionaries have been attacked in the provinces of Tche Kiang and Manchuria, and numbers of missionaries imperilled.

Japanese Landing at Taku.

London, July 18.—A special dispatch from Shanghai says the disembarkation of 15,000 Japanese troops was proceeding this morning at Taku.

No More Cipher Dispatches.

Berlin, July 18.—It is semi-officially announced that Baron Von Buelow, imperial minister of foreign affairs, has notified the Chinese legation here that until further notice it cannot be allowed to send telegrams in cipher or secret language, and that telegrams in plain language must be submitted for approval by the secretary of state before they can be dispatched.

Boxers Near Korean Border.

Washington, July 18.—United States Minister Allen, Seoul, Korea, telegraphs the state department that boxers and Chinese are in force within a few miles of the Korean frontier. Natives of Ping Yan, the most northern province of Korea are much alarmed and fleeing. Foreigners remain in safety. The government is very anxious.

Want to Fight China.

Chicago, July 18.—Within a few hours after the publication of the news of the death of Captain Austin R. Davis of the marine corps in the battle of Tien Tsin, Henry Clarke Davis, a brother of the dead officer, now living in this city volunteered his services to the government. Mr. Davis sent the following telegram to President McKinley:

"William McKinley, president of the United States, Washington—Am anxious to secure commission in marine corps or army for immediate service in China to take place of my brother, Capt. Austin R. Davis, killed in the battle of Tien Tsin on July 13. Can secure indorsement of Illinois senators and congressmen. Will you appoint me?"

For five years Henry Clarke Davis served in the First Georgia cavalry and for 20 years he has been an active worker in church circles. He was born in Darien, Ga.

Holding Out on July 9.

Washington, July 18.—The state department has received a dispatch from Consul General Fowler at Che Foo saying that the governor of Shan Tung wires that when his courier left Pekin on July 9, legations were still holding out.

Prince Tuan's Force.

St. Petersburg, July 18.—A dispatch from Che Foo says Prince Tuan has mobilized 950,000 men, divided into different corps. The northern corps has been ordered to expel foreigners from Amur. The Pekin army, which is divided into four corps, is the first to begin operations.

Enlisting Marines.

New York, July 18.—Orders from Washington have been received at the recruiting office of the United States marine corps in this city to enlist as many men as possible before July 25.

On that date the government expects to send 400 marines to China. An extra effort is being made to get men, and all who enlist have the promise of active service in China if they desire it.

Chinese Laundry Attacked.

Virden, Ill., July 18.—Enraged at the news from China a mob attacked a Chinese laundry here and demolished the entire front of the building. Six shots were fired at the two Chinese laundrymen but without effect.

Offers His Services.

Chicago, July 18.—Dr. Nicholas Senn, who served as a volunteer medical officer during the war with Spain, has again offered the United States government his services, this time to go to China to care for the American soldiers who may be wounded.

As a volunteer in the Spanish-American war Dr. Senn went to Cuba and was at the head of the army medical forces in the field. Dr. Senn is now somewhere in Texas.

FEW VICTIMS FOUND.

Ten Bodies Recovered from Hoards
Creek in Coleman.

OTHERS ARE MISSING

Everything Swept Away in the Path
of the Flood—The Loss of Farm-
ers Is Beyond Estimation
at the Present Time.

Coleman, Tex., July 18.—While only
10 bodies have been recovered from
Hoards creek, others are missing. The
creek runs within a quarter of a mile of
the town and was bank full on Monday.
A number of people had gone across the
valley to look at the stream, when with-
out any warning, a huge wave of water
10 feet high and a quarter of a mile
wide bore down on the people living in
the valley between the railroad and the
town and here most of the people were
drowned.

Head's wagonyard, located a few
yards from the courthouse and contain-
ing a number of barns, houses, etc., was
caught in the current of the flood. Mr.
Chick and his wife were in one of the
houses. He was an invalid with one
leg off and his wife was partially paral-
yzed. The house moved off and the oc-
cupants were drowned in a few yards of
a hundred people, who were unable to
assist them.

A number of houses were washed
away, together with their contents and
great stacks of hay and wheat went
down, also horses, cattle and hogs.

There is no estimating the loss to the
farmers. In many cases everything they
possessed was washed away, including
their crops.

The loss of life will never be known,
as it is a season when there are a num-
ber of campers on the creek, who are un-
known and were carried away without
leaving a trace of their existence.

A wagon containing a family of sev-
eral persons was seen to float down the
creek and all were drowned. No trace
of their bodies has been found.

Meeker Shows Up.

Phoenix, A. T., July 18.—John Meek-
er, who disappeared from here four
years ago, and who owned considerable
land at that time, has been heard of in
Arkansas. At the time of his disappear-
ance blood was found in his room and
his wife was suspected of murder. Proof
was not sufficient to recover the insur-
ance. Meeker says he was suffering from
an attack of sunstroke when he left his
home and knew nothing until a few
months ago, when he found himself in
a California insane asylum.

Three Handed Fight.

Owensboro, Ky., July 18.—In a three-
handed fight at Hawesville, Hancock
county, between Allen and Frank Pulliam
and Jack Hesson, the latter was
killed and Frank Pulliam died three
hours later. Hesson killed Jack Daniel
December, 1897. The Pulliams are
nephews of Judge A. M. Pulliam, who
killed James Miller in Hardinsburg and
brothers of Ed Pulliam, who killed Rev.
W. B. Swope several years ago.

Death of a Veteran.

Sherman, Tex., July 18.—Edwin J.
Andrews, one of the best known Con-
federate veterans, died at his home in
Sherman. He served as lieutenant in
the First Texas battalion of sharpshoot-
ers under Colonel Hart and was pro-
moted to a captaincy for bravery on the
battlefield. He was a native of Ken-
tucky, but has lived in Grayson county
nearly half a century. He was 71 years
of age.

Missouri Sheriff Killed.

Bentonville, Ark., July 18.—Sheriff
Garrett of McDonald county, Missouri,
was shot and killed by George Fisher at
South West City. Fisher was under ar-
rest and the sheriff had permitted him
to go home and get some clothes. The
prisoner seized the opportunity to se-
crete a pistol with which he shot Gar-
rett.

Race Riot Was Imminent.

Paris, Tex., July 18.—A fight between
a little white boy and negro boy at
Cooper Monday evening came near pre-
cipitating a serious race disturbance.
Much excitement was engendered. It
is alleged that whites and blacks went
around until late at night in anticipation
of trouble.

Mallory Steamer Ashore.

Brunswick, Ga., July 18.—The Mal-
lory line steamship Colorado, from New
York, is ashore at Long Island, near
this port. Three tugs have gone to her
assistance. The place where the steam-
er is beached is considered one of the
most dangerous on the coast.

Asks Charters Be Revoked.

St. Louis, July 18.—Attorney General
Crow has filed in the state supreme
court quo warranto proceedings against
the St. Louis Transit company and the
United Railway company asking that
their charters be revoked.

For Violating the Quarantine Law.

Ennis, Tex., July 18.—Three negroes
were arrested here charged with violat-
ing the quarantine law. They escaped
about two months ago from a smallpox
detention camp near Leland and have
remained away from here till now.

Given Ten Years.

Laredo, Tex., July 18.—The case of
Gray, charged with an unnatural act,
was tried on a change of venue from
Duval county and the defendant was
convicted and given ten years in the
penitentiary.

ALL HOPE IN LI.

Believed to Be the Only Hope for the
Restoration of Peace.

Washington, July 18.—A decidedly
more hopeful feeling with regard to the
Chinese situation is apparent in admin-
istrative circles here. The tide of senti-
ment, which has been markedly pessi-
mistic, turned with the announcement
of the victory of the allies at Tien Tsin
and the capture of the forts and native
city, the departure of Li Hung Chang
from Canton for Peking and gathered
further strength from Minister Wu's cab-
legram declaring that the foreign min-
isters at Peking were safe July 9. Aside
from these dispatches the arrival of the
president and the special cabinet meet-
ing called to consider the situation were

LI HUNG CHANG.

the features of the day. The cabinet
met at 2:30 o'clock in the afternoon.

While only a formal statement was
given out that it was not necessary yet
to call an extra session of congress, it
was ascertained that the whole Chinese
situation was thoroughly discussed by
the cabinet. Advice received from Pe-
kin probably will be the determining
factor in shaping the future course of
this government. If Minister Conger
has been murdered an extra session of
congress seems inevitable.

Another meeting of the cabinet may
be held today. It is the present purpose
of the president to return to Canton on
Thursday evening, unless his presence
here is deemed necessary at that time.

The sending of Li Hung Chang to Pe-
kin is the best news yet, for in him, it is
believed, peace can only be restored.

The appointment of Earl Li as viceroy
of Chi Li is considered by minister Wu
as one of the most important develop-
ments in the entire situation. Chi Li is
great province in which Peking is located
and is the very heart of the boxer move-
ment, so that the great viceroy now as-
sumes supreme power at the point of the
greatest danger.

Minister Wu is satisfied that if Li
Hung Chang had been at Peking there
would have been no such outbreak as
has occurred, as the viceroy is a stern
military man who believes in nipping
such movements in the bud.

The state department officials are an-
xious to accept Wu's message as accurate,
but there are some clouds of doubt about
it. The question naturally arises, as it
has many times in the last few weeks, if
the Chinese government can communi-
cate in this way with its representatives
abroad, why can it not permit the for-
eign ministers reported to be under its
protection also to communicate with
their governments.

Li Hung Chang will replace as viceroy
of the great province of Chi Li a man
who has been notoriously antiforeign in
his sentiments and actions.

Confirmation of the transfer of Li
Hung Chang to the north came to the
state department not only from Minister
Wu, but in a cablegram from Consul
General Goodnow. It is said that Li
Hung Chang has started from Canton
on his way to Peking. It is expected
that he will land at Taku, or at Shan
Hai Kwan, a port on the gulf of Pe Chi
Li, connected by good roads with Peking.
If the viceroy can get into Peking he also
can carry messages to the foreign min-
isters if they are still alive, and without
doubt the state department as well as
the European prime ministers will seize
the opportunity to make one more test
of the truth of the last reports respect-
ing the safety of the legation.

Two Promotions.

Washington, July 18.—The death of
Colonel E. H. Liscum of the Ninth in-
fantry results in the promotion of Lieut-
enant Colonel Charles F. Robe of the
Seventeenth infantry to be colonel of
the Ninth infantry, and Major M.
O'Brien of the Seventeenth infantry to
be lieutenant colonel of the Seventeenth.
Colonel Robe is now in the Philippines.

Troops for China.

San Francisco, July 18.—The trans-
port Summer bearing a detachment of
troops, surgeons and hospital assistants,
sailed Tuesday for Nagasaki, Japan.

Boxers Destroy a Mission.

Washington, July 18.—Secretary of
State Hay received a dispatch from Mr.
Allen, the American minister in Corea,
saying the boxers on July 14 destroyed a
Catholic mission 3 miles from the Core-
an boundary and 50 miles from the
American mines.

Run Down by a Train.

Clinton, Ill., July 18.—Miss Eva
Fimbrock and brother, while driving to
Clinton was struck by a passenger train
near Wapella. Miss Fimbrock was
killed and her brother mortally injured.

How to obtain a Medallion ...Portrait...

We have made arrangements to give our patrons an opportunity to obtain a very attractive novelty in the form of an enlarged medallion portrait, reproduced from any photograph.

This medallion is the latest advance in the photographer's art. Each portrait is mounted as an easel, making it a handsome mantel ornament, or it may be hung upon the wall. No expense for frame or glass is required, as each portrait is complete in itself.

WE REQUEST YOUR ATTENTION TO THE FOLLOWING:

SEND BY MAIL

Postage prepaid to the Armour Soap Works, Chicago, Ill., a good photograph of the subject to be reproduced as a medallion portrait. Write on the back of the photograph which you send, your full name and address.

Send a good photograph. The better the photograph—the better the medallion.

We guarantee to return the original photograph in the same condition as we receive it.

THE FINISHED MEDALLION will be forwarded together with the original photograph in ten days, and delivery charges will be fully prepaid.

SEND WITH THE PHOTOGRAPH

News Boy.

BOERS ATTACK BRITISH.

Both Sides Lose a Number of Men Killed, Wounded and Missing.

London, July 18.—The war office has received the following dispatch from Lord Roberts:

"Monday the enemy made a determined attack to the left of Pole Carew's position and along our left flank commanded by Hutton. The posts were held by Irish fusiliers, and Canadian mounted infantry under Lieutenant Colonel Anderson and were most gallantly defended. The enemy made repeated attempts to assault our positions, coming in close range and calling to the fusiliers to surrender.

The enemy had 15 killed and 50 wounded and 4 taken prisoner. The British casualties were seven killed including Canadian Lieutenants Borden and Birch. Thirty were wounded and 21 missing.

NOMINATED YERKES.

Kentucky Republicans Name Him as Their Candidate for Governor.

Louisville, July 18.—The Republican state convention nominated for governor Hon. John W. Yerkes of Danville, adopted a platform declaring the issue of the election to be the Goebel election law and adjourned within three hours. There were some anti-Goebel Democrats in the convention, but as to how many, figures differ. In the Shelby county delegation there were, according to a statement made from the platform, 19 Democrats.

Hon. John W. Yerkes, the nominee for governor, is a lawyer and one of the most prominent Republicans in Kentucky. He is at present a collector of internal revenue, but before holding this place had not been an officeholder. He was a strong candidate for United States senator when Senator Deboe was elected.

St. Louis Next Meeting Place.

St. Paul, July 18.—The programme of the national convention of Republican clubs was called for a three day's session, but the movement on foot early today is to condense the last two days into one. St. Louis has been selected for the next convention.

Helped a New Church Movement.

Parkersburg, W. Va., July 18.—The Baptists of Reedy, who are exerting all their energies toward the building of a new church, recently gave a fair in the school building in behalf of the cause. Those at the head of the plan had solicited help from all over the country, and among the donations received were a set of six gold spoons from Mrs. McKinley, wife of the president, and an exquisite linen handkerchief from Mrs. William J. Bryan. The spoons, which were sold at auction singly, brought about \$20, and the handkerchief realized almost as much. The congregation added \$200 to the church fund by the enterprise.

Epworth League Meeting.

Atlanta, July 18.—The annual convention of the Epworth League of Methodist church, South, will be held at Atlanta on July 25 to 29. All meetings with the exception of sunrise prayer services, will be held in the auditorium at Exposition park. Many prominent men from all sections will attend the convention. Five thousand delegates are expected.

Wichita Reservation Cleared.

Guthrie, O. T., July 18.—The Indian police sent out on July 10 to clear the Wichita mountains of prospectors and miners have returned and report that reservation clear. Almost all the miners had left previous to their arrival, and few remaining left willingly when notified, it being unnecessary to make arrests or confiscate any property.

John Julian Improving.

Kansas City, July 18.—John Julian, the St. Louis highwayman who held up Martin Regan in his saloon on July 8, and who was shot in the neck by Patrolman Ravenscamp while he was trying to get away, has nearly recovered from his wound. He was removed from the city hospital to the holdover at police headquarters and placed in a cell.

Fatally Injured in a Binder.

Charleston, Ill., July 18.—Nathaniel Hill, a well known farmer living near Lerna, was fatally hurt while cutting oats with a self binder. The horses attached to the binder became frightened at a rabbit and ran away, throwing Mr. Hill into the sickle and dragging him 30 yards.

Longest Name on Record.

Pine Bluff, Ark., July 18.—The most eccentric name which ever appeared on the Jefferson county assessment books was registered here when J. T. Ottebaubenfroepsteinstershaubenbecker listed his property. He has recently moved to Old River township and is quite a prosperous citizen.

Thought They Had Nelson.

Kansas City, July 18.—A man was in the custody of the police for a time Tuesday on suspicion that he was John H. Nelson, one of the three Illinois Central train robbers, who escaped from 10 detectives at St. Louis last week. After proving his identity, however, he was released.

Postmaster Pays His Shortage.

Eldorado, Ill., July 18.—The shortage of John Smyth, postmaster at Equality, has been increased from \$470 to nearly \$1200. Mr. Smyth has paid this amount to his bondsmen, and one of his sureties has been appointed temporary postmaster.

Gin and Sawmill Destroyed.

Pine Bluff, Ark., July 18.—The gin and sawmill on the Gilliland plantation, near Wabassaca, belonging to J. S. McDonnell of Altheimer, were burned. Loss aggregates \$5000; no insurance. Origin unknown.

\$25,000 to be given away

Do you want to guess at the population of the greatest Country on the Globe? If so send your guess and subscription to THE BRYAN WEEKLY EAGLE, or THE MADISONVILLE METEOR, as further explained below, and receive a certificate which will entitle you to participate in the distribution of \$25,000 to be distributed in 1,000 Cash Prizes by the PRESS PUBLISHING ASSOCIATION of Detroit, Michigan, among those making the nearest guess or estimate of the population of the United States and Territories, as shown by the

Official Census of 1900.

We have made arrangements with the Press Publishing Association to enable our subscribers to participate in the distribution of the prizes, amounting to \$25,000.

OUR OFFER:

UNTIL FURTHER NOTICE every one who sends us \$1.00 for one year's subscription to The Bryan Weekly Eagle, or \$1.00 for three months subscription to The Bryan Daily Eagle, or \$1.00 for a year's subscription to The Madisonville Meteor, will be entitled to one guess. No advance is made in the price of the paper. The Guess costs you nothing. Just pay us a dollar on subscription, daily or weekly, and make your estimate on the present population of the United States and Territories.

YOUR GUESS.

When you send in your subscription you make your guess. Be sure and write your name, address and guess as plainly as possible. As soon as we receive your subscription we will fill out and send you a certificate corresponding to guess made by you, which will entitle you to any prize you may draw. Be sure and keep your certificate. We will file the duplicate with The Press Publishing Association. Porto Rico, Hawaii, Guam and the Philippines not included in this census estimate.

VALUABLE INFORMATION.

To aid subscribers in forming their estimate, we furnish the following data:

YEAR	TOTAL POPULATION	INCREASE	PER CENT
1790	3,929,214	929,214	31
1800	5,308,483	1,379,269	35
1810	7,320,881	2,012,398	37
1820	9,638,453	2,317,572	32
1830	12,860,020	3,221,567	33
1840	17,069,453	4,209,433	33
1850	23,191,876	6,122,423	35
1860	31,443,321	8,251,455	35
1870	38,548,371	7,115,050	22
1880	50,155,783	11,597,412	30
1890	62,622,250	12,466,467	25

The population for 1900 at an increase of 21% over population of 1890 would be 75,772,922; an increase of 13,150,672.
At an increase of 22% it would be 76,399,144; an increase of 13,776,894.
At an increase of 24% it would be 77,651,588; an increase of 15,029,338.
At an increase of 25% it would be 78,227,812; an increase of 15,655,562.

In Case of a Tie,

or that two or more estimators are equally correct, prizes will be divided equally between them.

This Contest will Close

one month before the population has been officially announced by the Director of the United States Census at Washington, D. C. and The Eagle will announce the date when the guessing will close.

REMEMBER THAT THE FIRST PRIZE IS \$15,000.

The Press Publishing Association has deposited \$25,000 in the Central Savings Bank of Detroit, Mich., for the express purpose of paying the prizes.

The Cash must accompany your order. You get the paper at the regular price. You get the guess absolutely free. Address THE EAGLE, Bryan, Texas, if you wish BRYAN EAGLE, or THE METEOR, Madisonville, Texas, if you wish to take the METEOR, or call at either office.

Commission is not allowed to postmasters or other agents, when these guesses are made. Postmasters will please take notice.

TRANSPORTS FOR TROOPS.

A Stir Caused Among Owners of Steamers on the Atlantic.

New York, July 18.—The chartering of transports to convey troops to China is causing much stir in shipping circles. Private cable advices state that 15 German steamships now operating in the Atlantic trade have been requisitioned as war transports and supply ships by the German empire. News is also received in shipping circles that the United States government is actively in the market chartering steamers of all nationalities on the Pacific, to act as transports and supply ships for this country in connection with the Chinese outbreak.

Inquiry at the offices of the British lines failed to discover that any of their tonnage had been spoken for by the British government, and agents did not expect to lose any of their vessels. They argued that any troops to be called into service by the British, additional to those already in service in the African war, would have to be obtained from India, or some other dependence, and such a state of affairs could hardly be expected to be called into service steamships of the Atlantic fleet.

It was further argued that the fact that the boats would have to go through the Suez canal would also militate against the government calling for the large class of steamships. For this reason, it was stated, there is little likelihood of tourists who are now abroad having difficulty obtaining steamship accommodation when they wish to return.

Twenty-two steamers have been taken from commercial channels. These steamships represent a total of 106,000 tons gross and are, of course, but the beginning of the movement.

Germany Charters Transports.

Baltimore, July 18.—The agents here of the North German Lloyd Steamship company have received a cablegram from Bremen stating that the German government had chartered the steamships H. H. Meier, Dresden and Rhien of that line, the Frankfurt and the Wittekind as troopships to convey the German military contingent to China.

The five steamers will carry an aggregate of from 10,000 to 12,000 troops and stores. Nearly all these steamers have been plying between this port and Bremen.

POWERS' CASE.

A Banker Tells What Powers Said to Him at Barbourville.

Georgetown, Ky., July 18.—When the Powers murder conspiracy case was resumed this morning John A. Black of Barbourville, a banker of that place and a Republican of prominence, was the first witness. He said Powers came to him in January to advise with him as to the propriety of a mountain organization which Powers was getting up to intimidate the legislature. The witness advised against it, and Powers became angry. Powers told him Governor Taylor, Charles Finley and other Republican leaders approved the scheme. A check from Charles Finley to the Louisville and Nashville railroad for \$1000 for transportation of the men to Frankfort was produced by Black, in response to a question from the prosecution.

SAFE BLOWER'S FATE.

He Wrecks a Building and Is Himself Blown to Pieces.

Naylor, Ga., July 18.—A terrific explosion aroused the town late last night. Buildings trembled and the noise was heard for miles. Depew's store in the center of the town had been almost completely wrecked. Torn timbers and piles of debris marked the spot where the building had stood, while dry goods and clothing and other articles were scattered in all directions. In the ruins the search revealed torn and lacerated flesh and bones, which when gathered and placed in order made the form of a man. A safeblower had evidently met his death while blowing Depew's safe. Silver coins were found half a mile away while pieces of paper currency were scattered about the ruins.

Small Boy Kills Another.

Sedalia, Mo., July 18.—Gernie Jones, aged 7, was shot and killed here by Jimmie Ewing, aged 9. The boys were playing with an old army musket, which they had taken by stealth from the home of Peter Bryant, Ewing's uncle. Ewing pointed the gun at his companion and pulled the trigger. The ball entered the boy's head behind the right ear and came out at the mouth, killing him instantly.

Blue and Gray Reunion.

Atlanta, July 18.—The vanguard of veterans who wore the blue and gray in battles around Atlanta during the civil war, are arriving in the city. Formal exercises of the blue and the gray reunion begin tomorrow when several hundred distinguished visitors will be shown over the battle fields upon which 36 years ago they were engaged in bloody conflict.

Her Third Trial.

Eldorado, Kas., July 18.—The trial of Miss Bessie Morrison, who is charged with the murder of Mrs. Owen Castle, who was a bride of a week and who was he daughter of Judge Wiley, began here Tuesday. Mrs. Spangler and Mrs. Moberly, neighbors of the Castles, gave sensational testimony.

Robbery at Fair Oaks.

Wynne, Ark., July 18.—J. H. Clendenin, the night operator for the Iron Mountain and the Cotton Belt route at Fair Oaks, Ark., was held up and robbed by a white man and a negro. The robbers only secured about \$12 or \$15. Officers are in pursuit of them.
